INDEX.

Original Communications and Clinical, Pathological and Bacteriological Memoranda.

PAGE

Abramowicz, I.—On the localisation of the meridian determined by perimetric measurement on the outside of the sclera 482
Barrett, Sir James.—Note on phlyctenular ophthalmia 669
Biró, Imre—Therapeutic experiments in cases of retinitis pigmentosa ... 332
Briggs, A. H.—Familial primary glaucoma in adults 649
Brodsky, Isadore.—A description of a monster, diprosopus tetrophthalmus. With notes on the histology of the median eyes by John Maude ... 250
Buxton, R.—The intra-capsular extraction of cataract with forceps: is its use justified? 505

Culler, A. M.—Pathology of scleral plaques. Report of 5 cases of degenerative plaques in sclera mesially, one studied histologically 44
Czukrász, Ida.—A case of primary lues in the superior fornix 347
——— Epithelial inlay with Kerr-material to form an eye-socket 343

Dalsgaard-Nielsen, E.—On disablement and social conditions of patients with past syphilitic interstitial keratitis 544

Evans, J. Jameson and **Evans, P. Jameson.**—Ocular changes associated with naevus flammeus 95
Evans, P. Jameson.—The underlying causes of glaucoma 745

Foster, J.—A bottle and dropper for oily eserine 679
Furniss, Austin.—The school ophthalmic service 256

Graves, Basil.—Bilateral mesial superficial "deficiency" of the sclera (scleral plaques) 191
Griffith, H. D.—*See* Thomson A. M.

Hamburger, C.—The treatment with "glaucosan" of cases of glaucoma operated upon without success, and of complicated cataracts ... 557
Harman, N. Bishop.—A "pin" eye-dropper 212
Hay, Percival J.—A note on the use of horse hair sutures for the conjunctiva 43
Heath, Christopher—Solitary retino-choroiditis with reference to retino-choroiditis juxta-papillaris—Jensen 289

Juler, Frank A.—A projection scotometer 239

PAGE

Kemp, R.—Note on chronic irido-cyclitis, with special reference to the sarcoidosis of Boeck 455

Larsen, V.—Parenchymatous syphilitic keratitis and syphilitic atrophy of the optic nerve treated with *sulfosin* 585
Law, Frank W.—Egyptian ophthalmia 81
Logaras, G.—*See* Thomson, A. M.
Livingston, P. C.—Analysis of the judgment of relative position 540
Lowe, G. B.—A bi-cylindrical type reader 212
Lubbock, D. M.—*See Thomson A. M.*

McDonagh, J. E. R. and **Wolff E.**—Iritis (white eye) in fowls 659
MacGillivray, A. M.—Infantile dacryocystitis treated by surgical diathermy 630
Marshall, J. Cole.—Case of a giant hole of retina. Numerous complications. Successful visual result after 4 years 369
Martin, L. C.—A standardized lantern for testing colour vision 1
Mutch, J. R.—Description of a new proptometer 677
——— Foville's syndrome—record of a case 225
——— and **Richards, M. B.**—Keratoconus experimentally produced in the rat by vitamin A deficiency 381
Mutch, J. R.—*See* Thomson, A. M.

Oliver, John O.—*See* Sorsby, Arnold.
Osterberg, G.—Iritis Boeck (sarkoid of Boeck in Iris) 145
Owen, E. C.—*See* Thomson, A. M.

Philps, Seymour.—The ophthalmological complications of leontiasis ossea 729
Poleff, L.—Culture in vitro of the corpuscles of trachoma 738

Rhodes, A. J.—Studies in bacteriology of hypopyon ulcer. I. The conjunctival flora of healthy coal mine-workers 25
——— II. The conjunctival flora of shale mine-workers 38
——— III. A bacteriological investigation of 120 cases of hypopyon ulcer ... 627
Riddell, W. J. B.—A comparison of lens and skiascope methods in retinoscopy with undilated pupils 387
Richards, M. B.—*See* Mutch, J. R. 381
Robertson, J. Douglas.—The chemical equilibrium of the interstitial fluids and the aqueous humour 170
——— The fluid equilibrium of the body and its relation to the eye 107
——— The theories on the formation of the aqueous humour 243

Savin, L. H.—Note on three cases showing "crocodile tears" after facial paralysis 479
Shimkin, N. I.—Resection of anterior staphyloma of the cornea by means of gradual incisions 671
Somerset, E. J.—The significance of errors of refraction in chronic blepharitis of children 205
Sorsby, Arnold.—Choroidal angio-sclerosis with special reference to its hereditary characters... 433
——— Vital staining of the retina: preliminary clinical note 20
——— and **Oliver, John O.**—Macular coloboma: histological report ... 724
Stallard, H. B.—A new needle-holder 330
Staz, L.—Unusual condition of posterior surface of cornea (posterior herpes of cornea) 622
Sternberg-Raab, A.—Double vision after squint operation 568
Stewart, F. H.—The ætiology of trachoma 373

PAGE

Tansley, Katherine.—Night blindness 161

Thomson, A. M., Griffith, H. D., Mutch J. R., Lubbock, D. M., Owen, E. C., Logaras, G.—Study of diet in relation to health. Dark adaptation as an index of adequate vitamin A intake. II. A new photometer for measuring rate of dark adaptation. III. The relation of diet to rate and extent of dark adaptation 461, 697

Tooke, F. T.—Case of aleukæmic lymphosis involving the upper lids, with pathological findings 444

Tree, M.—*A rotating cross-cylinder* 632

Weinstein, Paul.—*Pathogenesis of thrombosis of the central retinal vein and of consecutive glaucoma* 392

——— Significance of venous pulsation of the eye ground 396

Wolff, E. *See* McDonagh, J. E. R.

Wright, W. D.—Light adaptation at the fovea for normal eyes 51

Young, J. Horton.—Paracentral capsule forceps and a grid vectis 399

Book Notices.

SUBJECTS.

PAGE

Abduction, congenital absence of 683
Acetyl-choline esterase, occurrence of, in aqueous humour and vitreous body 353
Air raids, ophthalmic casualties in 272
Aleukaemic lymphosis involving upper lids, with pathological findings 444
Alpha-dinitrophenol, action of, on eye 133, 134
Amaurosis, alcoholic, acute ... 486
bilateral, two cases of ... 418
Amblyopia, toxic, arterial retinal pressure in ... 488
American Ophthalmological Society, 75th Anniversary of Foundation of ... 645
Aneursym, intra-cranial, of internal carotid artery cured by operation ... 131
Angioid streaks in retina ... 490
clinical and anatomical aspects of 690
Angioneurosis, chronic intermittent oedema of cornea as 280
Angioneurotic oedema and allergic conjunctivitis ... 489
Annotations ... 67, 125, 214, 272, 350, 483, 573, 634, 680, 740, 784
Anterior chamber, closure of angle of, by negative pressure 683
epithelial rest in, regressive changes induced by X-ray in 497
Appendicitis, the pupil in ... 686
Appointments ... 141, 499, 582, 647, 744
Aqueous humour and interstitial fluids, chemical equilibrium of 170
and vitreous body, occurrence of acetyl-choline esterase in 353
circulation of 637
formation of, theories on ... 243
Arachnoiditis, optochiasmic ... 282

PAGE

Arteria centralis retinae, pressure in, action of sympatol on 132
Arterio-sclerosis, choroidal, with special reference to its hereditary character ... 433
Australian Ophthalmological Society's Annual Congress 582

Bee venom in treatment of trachoma... 787
Besnier-Boeck's disease or Schaumann's benign lymphogranulomatosis with ocular manifestations 136
Bi-cylindrical type reader ... 212
Biomicroscopy of spring catarrh 681
Blepharitis, chronic, of children, significance of errors of refraction in 205
Blepharoplastics with subcutaneous muscular pedicles 351
Blindness, night 161
Prevention of, National Society for ... 79, 286
National Society for Prevention of, Annual Congress of 646
Blood, vitamin A content of, dark adaptation, and pregnancy, relationship of 684
Boeck, sarkoid of, in iris ... 145
Boeck's sarcoidosis 687
Bottle and dropper for oily eserine 679
British Ophthalmologists, Council of, Report for 1938-1939... 401
Bronze and aluminium, reaction of ocular tissues to ... 685

Carotid arteries, common and internal, periarterial sympathectomy of, with removal of globus caroticum. Its influence on degenerative processes in retina and on optic atrophy 355

PAGE

Carotid artery, internal, aetiological significance of calcification or thrombosis of, for functional disturbance of eye 355
intra-cranial aneurysm of, cured by operation ... 131
Cataract, diabetic, unusual case of 488
extraction, applied mechanics of 425
filiform 281
galactose, genesis of ... 578
in neurodermatitis 281
intra-capsular extraction of, with forceps. Is its use justifiable? 505
patients, vitamin C metabolism in 577
senile, treatment of with vitamin B2 (lactoflavin). Control with slit-lamp microscopy 578
Cerebro-spinal fluid, condition of, in glaucoma 636
Chemotherapy, bacterial, the pharmacology of sulphanilamide 692
modern, recent developments in 691
Children, chronic blepharitis of, significance of errors of refraction in 205
Cholesterin content in normal and cataractous human lenses 424
Cholesterinosis bulbi 496
Choroid and ciliary body, sarcoma of, intra-ocular pressure in 418
follicular bodies in, after inoculation of vitreous with material from trachoma, significance of 428
spontaneous detachment of, and serous tenonitis, aetiology of 789
Choroidal arterio-sclerosis with special reference to its hereditary character ... 433
Ciliary perineuritis and periarteritis in a fresh case of herpes zoster ophthalmicus 280
Citric acid studies referring to the eye 578
Clinics for "special" diseases (Annotation) 214
Coal mine-workers, conjunctival flora of 25

PAGE

Coloboma, atypical and spontaneous cyst of iris ... 685
macular: histological report 724
Colour-blindness, total, congenital, simple, uncomplicated form of ... 743
Colour test objects in clinical perimetry, condemnation of 135
vision, testing of, standardized lantern for 1
Conjunctiva, splitting of, in trachoma 787
use of horse hair sutures for 43
Conjunctival flora of healthy coal mine-workers ... 25
of shale mine-workers ... 38
Conjunctivitis, allergic, angio-neurotic oedema and ... 489
gonococcal, folliculin to treatment of 695
staphylococcic, treatment with staphylococcus toxoid 215
Continental ophthalmological journals, recent changes in (Annotation) 483
Cornea, anterior staphyloma of, resection of, by means of gradual incisions ... 671
oedema of, intermittent, chronic, as an angio-neurosis 280
perforating injuries of, operative closure of wound in 423
posterior herpes of 622
posterior surface of, unusual condition of 622
Corneal dystrophy, familial ... 741
epithelium in furniture workers, droplets on ... 741
lesions, vitamin A therapy in 490
Correspondence ... 138, 218, 362, 642, 793
Cours de Perfectionnement, 1939 365
Crocodile tears after facial paralysis, three cases showing 479
Cross-cylinders, rotating ... 632
Crystals, clouds of, in the clear senile lens nucleus ... 425
Cyclodialysis, late results of ... 127

Dacryocystitis, infantile, treated by surgical diathermy ... 630
Dark adaptation as index of adequate vitamin A intake 461

PAGE

Dark adaptation in poorly pigmented and albinotic eyes 353
influence of, on the critical frequency of flicker for monochromatic lights ... 421
rate and extent of, relation of diet to 697
rate of, new photometer for measuring 461
vitamin A content of blood, and pregnancy, relationship of 684
Dermotherapy in the everyday practice of oculists ... 129
de Schweinitz lecture 141
Diabetic cataract, unusual case of 488
retinitis, clinical studies of 195 cases 487
Diprosopus tetrophthalmus, description of 250
Diathermy, surgical, infantile dacryocystitis treated by 630
Diet in relation to health. Dark adaptation as index of adequate vitamin A intake 461
relation of, to rate and extent of dark adaptation ... 697
Drugs, action of, on pressure in central retinal artery ... 130

Eales's disease, cases of 277
Ectropion, spastic, correction by orbicularis transplantation 693
Egypt, Ophthalmological Society of, Annual Congress ... 285
Egyptian ophthalmia 81
Entropion and trichiasis following trachoma, simple operation for ... 576
Epithelial inlay with Kerr-material to form an eye-socket 343
Eserine, oily, bottle and dropper for 679
Eupaverin (Merck) treatment of occlusion of central retinal artery with, 3 cases of 695
Evil eye, the (Annotation) ... 573
Exhaust gases from internal combustion engine, ophthalmic complications due to, case of ... 352
Exophthalmos, progressive, associated with disorders of thyroid gland ... 484
rare case of 685

PAGE

Eye, fluid equilibrium of the body and its relation to ... 106
Eye-dropper, a "pin" 212
Eyes, normal, light adaptation at fovea for 51
Eye-socket, Kerr-material to form, epithelial inlay with 343

Facial paralysis, crocodile tears after, 3 cases showing ... 479
Filiform cataract 281
"Firle" eye magnet 362
Fluid equilibrium of the body and its relation to the eye 106
Folliculin in treatment of gonococcal conjunctivitis ... 695
Forceps, capsule, paracentral, and a grid vectis ... 399
Foreign bodies in the eye and orbit, localisation of, by help of a metal circle fixed to the limbus ... 422
toleration of, for 29 years 422
Fornix, superior, primary lues in, case of 347
Foster Kennedy syndrome, changes in optic nerve resembling, due to arterio-sclerosis 417
Fovea, light adaptation at, for normal eyes 51
Foville's syndrome, record of a case 225
Fowls, iritis (white eye) in ... 659
Fundus changes in influenza ... 278
Future arrangements 79, 142, 222, 286, 366, 430, 502, 582, 647. 696, 744, 796

Galactose, cataract, genesis of ... 578
Gunn's phenomenon, rare case of 689
George Brewster and Jennie Mathews Honorarium 696
Gifford Edmonds' Prize in Ophthalmology 221
Glare sensitivity, light coloured eyes and 579
Glasgow, University of, Dept. of Ophthalmology, lectures at 221
Glaucoma, capsulare, so-called, investigations on ... 126
cases of, operated upon without success, and of complicated cataracts, treatment with glaucosan ... 557
chronic, iridencleisis in ... 68
with delayed hypertension 636

PAGE

Glaucoma, condition of cerebro-spinal fluid in 636
consecutive, pathogenesis of 392
dropsy, epidemic, surgical treatment of 574
following division of after-cataract, aetiology of ... 637
general causes of, research in 635
like cupping of optic disc and its aetiology ... 127
patient, the constitution of 496
primary, familial, in adults 649
problem of (Annotation) ... 634
underlying causes of ... 745
without rise of pressure ... 126
Glaucosan, treatment with, of cases with glaucoma operated upon without success, and of complicated cataracts 557
Glioma of the optic nerve ... 495
Granuloma of lacrymal canaliculus, case of 491

Haemorrhagica angiomatosa of family type and its ocular complications 279
Hemianopsia, bitemporal, question of retrogression under internal therapy 497
Hereditary defect of eyes previously unknown ... 355
Herpes, posterior, of cornea ... 622
zoster ophthalmicus, fresh case of, ciliary peri-neuritis and periarteritis in 280
Heterochromia iridis, case of, complicated by cyclitis and cataract 686
Honours 141, 285, 499, 796
Horse hair sutures, use of, for conjunctiva 43
Hungary, ophthalmic surgery in 79
Hyperpyrexia, induced, in ophthalmology 576
Hypopyon ulcer, bacteriology of 25, 38, 627

Illumination and visual acuity 421
Indo-China, trachoma in ... 427
Industrial eye injuries ... 494, 500
Influenza, fundus changes in ... 278
Infra-red, penetrating, pathological and therapeutic effects of, on the eye ... 351
Interstitial fluids and aqueous humour, chemical equilibrium of 170
